EVENTS AND COMMUNITY NEWS

January was a vibrant and eventful month at IFN, filled with exciting programs that brought our community together. We kicked off the year with an incredible Science Fair, where our young minds showcased their creativity and innovation. Game Night was a huge success, bringing laughter and friendly competition to all ages. Alongside these, we hosted thought-provoking talks and discussions that enriched our understanding and strengthened our bonds. As we step into February, there's even more in store! With Ramadan on the horizon, we're gearing up for a month of spiritual growth, community engagement, and meaningful preparation. Check out our upcoming events below and join us in making this month just as memorable!
